UNITED STATES NUCLEAR REGULATORY COMMISSION
Region III, Materials Licensing Section
2443 Warrenville Road, Suite 210
Lisle, IL 60532-4352

Re: Amendment for License No. 21-32298-01, Regional Cardiology Associates, P.L.C.

Please find the complete Information Needed for Transfer of Control as required. This transfer is effective July 1, 2022.

1. Ascension Medical Group purchased the Regional Cardiology Associates, PLC (RCA). RCA will be combined with an existing cardiology practice, Ascension Genesys Heart Institute. The combined practice will open under a new name, Ascension Medical Group Genesys Heart Center on July 1. The new practice will continue to offer nuclear testing according to the policies and procedures established by the legacy practice as well as orient any new staff. We do not anticipate any other changes that will impact our ability to safely offer nuclear testing services.

If additional information is needed please contact:
David Lopez, Director of Physician Services
Ascension Medical Group
810.606.5893

2. There is no change in personnel.
3. There is no change in the location, facilities, equipment, or procedures related to the current NRC license.
4. Our surveillance program is in compliance with NRC regulations and requirements. All programs will remain the same at the time control is transferred.
5. There is no change in the location, facilities, or equipment related to the transfer of control, therefore no decommissioning of the facility will be performed.
6. Genesys Heart Center will abide by all constraints, conditions, requirements and commitments of the licensed program.

Thank you for your cooperation with this matter. If you have any questions or require additional information please contact Michelle Kritzman at (734) 662-3197 or by email at mkritzman@mpcphysics.com

Sincerely,

Vuong DuThinh, M.D., F.A.C.C.
President
Regional Cardiology Associates, P.L.C.

RECEIVED APR 21 2022
