---

Marlayna – attached is our agenda for the meeting with NRC in White Flint on May 10 at noon. Brad and I will be attending the meeting. I have copied Gerry on the agenda so he is aware of the topics of conversation. Solutions requests we avoid discussion of their D&D work and associated Final Status Survey. The intent of the meeting is to gather information on different approaches to ISFSI management and understand impacts of regulations on these management models.

Looking forward to seeing you soon.
