Dear Ms. Cindy Montgomery,

The Armed Forces Radiobiology Research Institute (AFRRI) is submitting a supplement to the license amendment request for the Digital Instrumentation and Control Upgrade (EPID L-2020-NFA-0012). This supplement contains Figure 1 – *Diagram of Major Components for the AFRRI Instrumentation and Control System* from Enclosure 3c – Revision 1 of the Supplemental Information for the License Amendment Request for the Upgrade of the Instrumentation and Control System for the Armed Forces Radiobiology Research Institute TRIGA Reactor – Redacted, dated September 29, 2021, ML21302A106.

The figure was previously considered proprietary information and was therefore redacted and withheld from public disclosure under 10 CFR 2.390. Upon further review it was determined to make the figure publicly available.

The document being submitted is:

- Supplemental Information for the License Amendment Request for the Upgrade of the Instrumentation and Control System for the Armed Forces Radiobiology Research Institute TRIGA Reactor.

AFRRI continues to request an expeditious review of this application and will provide support required to aid in the review. Should you need any further technical information, please contact Mr. Andrew Cook at (301) 295-3922.

I declare under penalty of perjury that the foregoing is true and correct. Executed on:
