LOUISIANA ENERGY SERVICES, L.L.C. (dba) URENCO USA, DOCKET  
NUMBER 70-3103**

Dear Mr. Padgett:

This letter refers to our virtual Microsoft Teams meeting on April 13, 2022, during which we discussed the Nuclear Regulatory Commission's (NRC's) evaluation of your performance in the five major areas including safety operations, radiological controls, facility support, other areas, and safeguards (details not discussed with the public) during calendar years 2020 and 2021. The meeting was beneficial and provided the NRC the opportunity to discuss your facility's performance during the assessment period. The meeting also afforded you the opportunity to provide feedback to the NRC regarding your perception of the NRC performance review.

The meeting afforded members of the public the opportunity to ask questions and provide feedback to the NRC regarding our inspection program for the URENCO USA facility. The list of meeting attendees is enclosed. The meeting slide presentation is available in ADAMS under accession number ML22101A269.

This letter and its enclosure will be made available for public inspection and copying at <http://www.nrc.gov/reading-rm/adams.html>, and at the NRC Public Document Room, in accordance with Title 10 of the *Code of Federal Regulations* 2.390, "Public Inspections, Exemptions, Requests for Withholding."

Should you have any questions concerning this letter, please contact me at 404-997-4664.

Sincerely,

Signed by Williams, Robert
