Subject: Alecto termination and potential possession of RAM

### Discussion:

I spoke with William Lanham, the Assistant City Manager of the City of Wheeling regarding the potential possession of licensed materials and a current status of city led efforts for characterization and possible disposal of the materials. Mr. Lanham had stated that he has scheduled a meeting for the following week with Ohio Medical Physics Consulting LLC, the consulting company that had provided RSO support for Alecto. The meeting will to establish a means of identification, characterization and possible disposal of the materials. I offered to be present during that meeting, if he wishes. We established the need for weekly touch points and I will be calling back weekly for status updates.
