Subject: Alecto termination and potential possession of RAM

Discussion:

I spoke with William Lanham, the Assistant City Manager of the City of Wheeling regarding the potential possession of licensed materials and a current status of city led efforts for characterization and possible disposal of the materials. Mr. Lanham sent an email to Shelly Hatchel with Ohio Valley Medical Physics included pictures provided by myself to Mr. Lanham. He requested a quote for services for assessment and characterization of the potential materials still on site. I told Mr. Lanham that the agency has made positive contact with an Alecto representative and we are awaiting a letter from the Alecto representative denoting himself as a legal representative of the company. Mr. Lanham suggested a pathway for making Alecto financially responsible for the cost of disposal. I responded that we are looking into our enforcement pathways regarding the responsibility of the disposal of the materials. I further added that once we had the aforementioned letter, we would provide the information to him.
