Subject: [External_Sender] FW: Texas FY2022 Draft IMPEP Report

Duncan,

The team has reviewed the draft report and has one correction to make.

Page 4, Section 3.1.b Discussion:

- Current Statement: The Radioactive Materials Group had 12 staff members 1 one manager, which equals 12 full-time equivalents (FTE),
- Correction: The Radioactive Materials Group had 13 staff members and 1 manager, which equals 14 full-time equivalents (FTE)
- Note: During the evaluation period, the Radioactive Materials Group lost the equivalent of ¼ FTE. The position inspected 25 RAM routine/initial inspections each year, plus a few additional assignments. The program believes we can absorb these inspections with no significant impact.

I've attached the current org chart for documentation. No changes have occurred in this section since the IMPEP team was onsite.

Subject: Texas FY2022 Draft IMPEP Report

WARNING: This email is from outside the HHS system. Do not click on links or attachments unless you expect them from the sender and know the content is safe.

Good afternoon:

Please find the Texas FY 2022 Draft IMPEP Report attached for your review and consideration. The team found Texas performance to be satisfactory for all nine performance indicators reviewed. The team recommends that the five recommendations from the 2018 IMPEP review be closed
and made no new recommendations. The team recommends that Texas be found adequate to protect public health and safety and compatible with the NRC's program. The team recommends that a periodic meeting take place in approximately 2 years and the next IMPEP review take place in approximately 4 years.

We are providing you with a copy of the draft report for your review and comment prior to submitting the report to the MRB. Comments are requested within 4 weeks from your receipt of this letter. The team will review the response, make any necessary changes to the report, and issue it to the MRB as a proposed final report. The MRB meeting is scheduled to be conducted on June 9, 2022, at 1:00 PM ET.

If you have any questions, please contact Duncan White @ Duncan.White@nrc.gov.

Thanks.
