Subject: Renewal Application

Discussion: Call was held to discuss certain items provided in the renewal application. The licensee provided a list of portable gauges which included only Troxler model gauges. The current license also authorizes Humboldt Scientific gauges. The licensee stated that they would like to keep the same authorizations as the current license and include the Humboldt gauges. The licensee indicated in the application that both dosimetry and an evaluation demonstrating dosimetry is not required will be maintained. The licensee clarified and stated that dosimetry is used. The licensee indicated in the application that they will use an approved organization to conduct leak test but also indicated that they would implement a model leak test program per the NUREG. The licensee clarified that they do not do their own leak testing and only used an approved leak testing organization

Action Required: Continue technical review and process renewed license.
