RE: Amendment to license #21-01190-05

We just submitted an amendment to our license at Ascension Macomb Oakland Hospital #21-01190-05. We had previously sent a request, but was told it did not arrive via fax.

Please delete these Authorized Users to our license request. Edouard Daher, MD; S Wagenburg, MD. Please delete Authorized Medical Physicist James Boylan III.

If you require any additional information or clarification, please email Laura T. Speer Smith at the email below to minimize any delays in the amendment. If added information or further clarification is needed, we request that this be done via email to minimize any delay in achieving final resolution on the amendment to Laura T. Speer Smith, consulting physicist for location.

Sincerely,

Laura T. Speer Smith, MS, DABR
Site Medical Physicist and Radiation Safety Officer

Sara,

I swear I am the worst at proof-reading. I really have a mind for physics and math and not so much for grammar and spelling, I have bought Grammarly software to help me out, but I still miss things.

Yes, Jim Boylan is working somewhere else and supposedly will not be back according to the department, so time to take him off.

This is the corrected document.
Sorry for the confusion and grateful you caught it.

Good afternoon, Ms. Smith:

The U.S. NRC Region III office is in receipt of your April 12, 2022 amendment request letter, including a request to remove two authorized users Edouard Daher, M.D., and S. Wagenburg, M.D. and a request to “review” authorized medical physicist James Boylan III. It appears that you wish to remove AMP Boylan, but the word “review” makes this unclear.

For James Boylan III, M.E.:

- **Please confirm that the AMP should be removed from the referenced license.**

Please provide a written response – via email or signed & dated letter - within 14 days (on or prior to May 12, 2022). For quickest processing, please submit your response via email or as a pdf file attached to an email message. You may also submit a response via fax or via regular mail. If you have any questions regarding this message, please do not hesitate to reach out to me via email or at 630-829-9892.

Thank you in advance for your prompt attention to this request,
