Subject: [External_Sender] RE: Request: TCEQ Review and Comment on Attached Draft Environmental Assessment Related to WCS

Harry,

Thank you for the opportunity to review. Please find attached TCEQ comments on the draft FONSI.

Let me know if you have any questions.

Regards,
Brad

Attached TCEQ Comments:

- WCS is making this request to continue to store the LANL Waste while the DOE-led Interagency Project Team (~~including WCS, DOE, U.S. Environmental Protection Agency, NRC, the State of Texas, and the State of New Mexico~~) works to recommend a path forward for disposition of the LANL Waste.
- WCS will continue to be required to ensure that the LANL Waste in both the FWF disposal cell and the TSDF remain stored safely and securely **on site** and notify the NRC of any events as appropriate, as set out in the 2014 Order.
