Docket 70-7033
Draft SNM-7006

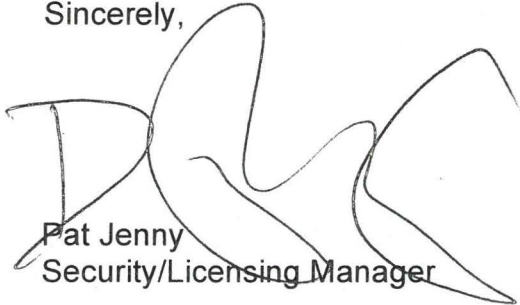

**Subject: (U) GLE Risk Assessment for Transitioning to Revision 5 of NIST
800-53**

Per the Reference above, Global Laser Enrichment (GLE) is submitting the Risk Assessment associated with the transition to NIST 800-53, Rev. 5. The Risk Assessment utilized NIST SP 800-30, Guide for Conducting Risk Assessments as the guideline. This document is a living document. As GLE makes their way through the process of transitioning, we anticipate making small changes to the submitted risk assessment. These updates will be submitted to the NRC.

The enclosure of this transmittal contains the Risk Assessment Summary which is marked as Security Related Information in accordance with NIST 800-53, Rev 5. The second attachment is the Risk Assessment Matrix. This document is marked **Secret National Security Information**.

If there are any questions regarding this letter and its contents, please do not hesitate to contact me at 910-819-7447 or at pat.jenny@gle-us.com.

Sincerely,

Pat Jenny
