Dear Mr. Wohlt,

Our office is in receipt of the May 6, 2022 letter requesting to remove four authorized users from the license. Regarding the removal of Authorized User Jeffrey L. Patrick, M.D., additional information is needed to complete the review.

Regarding Dr. Patrick's authorization for the use of materials under Title 10 of the Code of Regulations Section 31.11, no other individuals listed on the license are authorized for that materials authorization. Dr. Patrick cannot be removed as an authorized user (AU) without either (A) removing the 10 CFR 31.11 authorization listed in Subitem No. 6.D. from the license or (B) listing another physician AU as authorized for 10 CFR 31.11 material.

To remove Dr. Patrick from the license, please provide either:

- A. A request to remove the 10 CFR 31.11 authorization listed in Subitem No. 6.D. from the license. Include either:
- Use history for 10 CFR 31.11 materials, under the license, including the final date of use, under the license and the date on which all materials were disposed of – via decay in storage or other methodology; OR
 - Confirmation that 10 CFR 31.11 material was never used under the license; OR
- B. At least one Authorized User to be listed for the 10 CFR 31.11 authorization.

Please provide a response via a signed and dated letter within 14 days (on or before May 31, 2022). If you are unable to provide a response before then, please provide a signed and dated letter by that date indicating the date by which you will be able to provide a written response to the items outlined in this request. For quickest processing, please submit your response as a pdf file attached to an email message. You may also submit a response via fax or via regular mail. If you have any questions regarding this message, please do not hesitate to reach out to me by phone or email.
