

[Home](#)Bio - Doug True

Doug True

Doug True is NEI's chief nuclear officer and senior vice president of generation and suppliers at NEI

Mr. True is a veteran of the nuclear industry with more than 40 years of experience in nuclear safety, regulatory policy and implementation, playing a substantial role in U.S. policies and regulatory activities ranging from the formation and implementation of risk-informed regulation and the industry response to challenges like Fukushima and 9/11.

Prior to joining NEI, he contributed to many of the major milestones in risk-informed regulation. He was responsible for one of largest specialty engineering organizations in the nuclear industry, including being President of the largest nuclear PRA firm in the world. Mr. True has been a contributor to NEI, EPRI, INPO and federal government guidance on a broad spectrum of technical and regulatory issues.

Mr. True earned a Bachelor of Science in chemical engineering from the University of California, Berkeley.
