

Preparing for Tomorrow as a Modern Risk-Informed Regulator

Dan Dorman
Executive Director for Operations
U.S. Nuclear Regulatory Commission

Successfully Achieving our Mission

- Inspections
- Incident Response Program
- Vogtle 3 & 4 License Reviews
- Part 53 Proposed Rule and Guidance
- Advanced Reactor License Reviews
- Humboldt Bay Reactor
- University Nuclear Leadership Program
- Environmental Justice

Preparing for Tomorrow

NRC Focus Areas

Inspiring stakeholder confidence in the NRC

Continuing to foster a healthy organization

Safe and secure use of Radioactive Materials

Change in Turbulent Times

“A time of turbulence is a dangerous time, but its greatest danger is a temptation to deny reality.” - Peter Drucker
