Subject: [External_Sender] RE: your documentation of a change of control of your NRC license - additional information needed
Date: Thursday, May 19, 2022 4:05:26 PM

Betsy,

See answers in red below. Sorry about the confusion.

Thanks,
Chad

Subject: [EXTERNAL] your documentation of a change of control of your NRC license - additional information needed

This is an **EXTERNAL** email. **STOP. THINK** before you CLICK links or OPEN attachments. If suspicious please click the 'Report to Incidents' button in Outlook or forward to incidents@aep.com from a mobile device.

Mr. Weatherson,

My apologies for sending this only to you, but I do not have an email address for Douglas Rosenberger, (djrosenberger@aep.com) and it is unclear if the contact names and information we have in our database are still correct. We have Daniel Moyer as the Plant Manager and Denise Powell as a previous contact. **Mr. Moyer and Mrs. Powell are both retired. I am the new Denise Powell and Doug replaced Dan Moyer. We sent the amendment to the license changing from Denise to myself in 2017 when she retired. James Cassata was our contact for the RSO name change. We sent in all my training records and all that stuff. Not sure why you don't have the correct contact info?**

In order to complete the review of this change of control, I need additional information. I attempted to find information through web searches, but that information makes this change seem more complex than the information you submitted.

1. When will/did the purchase of the Mitchell plant from Kentucky Power to Wheeling Power take place? **The purchase is on target to be completed by 7/20/22.**
2. According to an October 26, 2021 news release, AEP entered into an agreement to sell its Kentucky operations, which include Kentucky Power. The Mitchell Plant was described as being owned 50% by Kentucky Power. If I understand the article correctly, did/does Wheeling Power already own the other 50% of that plant? **No, Appalachian Power Company owned the other 50%. So does/will Wheeling Power own 100% of the Mitchell plant now?? Yes, Wheeling Power will own 100% of Mitchell after the sell is finalized.**
3. Are/were both Kentucky Power and Wheeling Power part of American Electric Power? **Yes** If so, are they wholly-owned subsidiaries of AEP? **Yes** I don't see

Wheeling Power listed on the AEP website, so the proposed name may not be correct? It is the Wheeling Power Company. Sorry about the we use them interchangeable at AEP.

4. Please state what the new name will be. Is it "Wheeling Power Company" or "Wheeling Power, an American Electric Power company"?

Thanks for your help with this.

I am easiest to reach by email. Our office is in the process of moving, so our regular phones are temporarily unavailable. I can be reached by cell phone at 240-704-4575,

Betsy
