U. S. Nuclear Regulatory Commission  
ATTN: Document Control Desk  
Washington, DC 20555-0001

References: Letter ET 22-0002, dated April 4, 2022, from M. T. Boyce, WCNOG, to  
USNRC

Subject: Docket No. 50-482: Withdrawal of 10 CFR 50.55a Request I4R-08, Relief  
for Extension of Follow-up Examination and Visual Examination  
Requirements for Reactor Pressure Vessel Head Penetration Nozzles with  
Mitigated Alloy 600/82/182 Peened Surface

Commissioners and Staff:

The purpose of this submittal is to withdraw Wolf Creek Nuclear Operating Corporation (WCNOG) 10 CFR 50.55a Request originally provided by the Reference. The Reference transmitted 10 CFR 50.55a Request I4R-08 for the Fourth Inservice Inspection Program Interval, Relief for Extension of Follow up Examination and Visual Examination Requirements for Reactor Pressure Vessel Head Penetration Nozzles with Mitigated Alloy 600/82/182 Peened Surface. WCNOG plans to modify this request and resubmit. Therefore, WCNOG is withdrawing the proposed request and is no longer seeking NRC review and approval of I4R-08.

This letter contains no commitments. If you have any questions concerning this matter, please contact me at (620) 364-8831 x8687, or Ron Benham at (620) 364-4204.

Sincerely,

A handwritten signature in black ink, appearing to read "MTB", is positioned above the printed name.
