Michelle Beardsley, Health Physicist/State Regulation Review Coordinator
Agreement States Program Branch
Division of Materials Safety, Security, State, and Tribal Programs
Office of Nuclear Materials Safety and Safeguards
U.S. Nuclear Regulatory Commission

Dear Ms. Beardsley:

Enclosed is a copy of proposed revisions to the Kansas Radiological Health Regulations for review and comment by the Nuclear Regulatory Commission. The proposed revisions will soon be sent through concurrence with the Kansas Division of the Budget, the Kansas Department of Administration, and the Kansas Attorney General's Office. We are requesting that the NRC provide comments on this draft regulation package back to our program by July 31, 2022. The proposed revisions made to our regulations are identified by line-in/line-out text. Our revisions address comments provided by the NRC on our current regulations, including, those regulatory changes as defined in RATS IDs 2018-3; 2019-1,2; and 2020-1,2, and 3. Crosswalks are also included for each RATS ID. We are aware that there are outstanding NRC comments; these responses will come in a separate package.

<u>Rats ID</u>	<u>Title</u>
• 2018-3	Miscellaneous Corrections to 10 CFR Parts 1, 2, 34, 37, 50, 71, 73, and 140
• 2019-1	Miscellaneous Corrections to 10 CFR PARTS 2, 21, 37, 50, 52, 73, and 110
• 2019-2	Organizational Changes and Conforming Amendments to 10 CFR Parts 1, 2, 37, 40, 50, 51, 52, 55, 71, 72, 73, 74, 100, 140, and 150
• 2020-1	Individual Monitoring Devices 10 CFR Parts 34, 36, and 39
• 2020-2	Social Security Number Fraud Prevention 10 CFR Parts 9 and 35
• 2020-3	Miscellaneous Corrections 10 CFR Parts 1, 2, 19, 20, 21, 30, 34, 35, 40, 50, 51, 52, 60, 61, 62, 63, 70, 71, 72, 73, 74, 75, 76, 110, and 140

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200. Differences between NRC and Kansas regulations are minimal, and regulations remain essentially identical. Revisions to Kansas regulations in response to NRC comments are addressed in the enclosed crosswalk. Please contact me if you have any questions at 785-296-1989 or james.uhlemeyer@ks.gov.

Sincerely,

James Uhlemeyer
Environmental Program Administrator
