

3/21/2022

DIRECTOR OF FSME  
OFFICE OF NUCLEAR MATERIAL SAFETY & SAFEGUARDS  
US NUCLEAR REGULATORY COMMISSION  
WASHINGTON, DC 20555-0001

To Whom it May Concern:

The Phoenix VA Health Care System (VA MML permit 02-10072-01) returned one (1) tritium exit sign (SRB Technologies Model BX; S/N C046293) to SRB Technologies, Inc (NC RAM License # 034-0534-2). The COD is included with this letter. The sign was never used/installed at our facility, as we had removed all tritium exit signs many years ago. The sign was ordered by error and due to several factors, its return was delayed.

The sign was returned on January 31, 2022, to:

SRB Technologies, Inc  
2580 Landmark Dr.  
Winston-Salem, NC  
27103  
NC RAM license # 034-0534-2

Additionally, it should be noted that the Phoenix VA HCS also returned three (3) tritium exit signs (SRB Technologies Model BX; S/Ns C046294; C046295 and C046292) to SRB Technologies, Inc (NC RAM License # 034-0534-2) back in June of 2018. These signs were never used/installed at our facility. The COD for this return is also included.

If you have any questions, please contact me at (602)277-5551 x5503 or (480)349-9832.

Sincerely,

Matthew Banaszak  
Radiation Safety Officer  
Phoenix VA Health Care System  
650 E. Indian School Rd  
Phoenix, Arizona  
85012
