Adam,

By email dated November 16, 2021 (ML21321A381), the NRC staff accepted the Hatch TSTF-505 LAR for review. The NRC staff estimated that this licensing request would take approximately 1600 hours to complete with a completion on January 20, 2023. Based on a SNC requested 90-day response time to NRC RAIs dated May 20, 2022 (ML22140A119), the NRC staff has revised the estimated completion date to March 28, 2023, with approximately 1824 hours to complete this LAR.

Thanks.
John
