Subject: Request for additional information for NRC Materials License renewal.

Dear Mr. Tran,

On Wednesday, June 8, you requested more clarification to Question 8 in the previous correspondence. The question was, provide the operating procedures for QSA Global, Inc. Model 880 Delta exposure device and QSA Global, Inc. Model 771 source changer. We provided the operating procedure for the source changer QSA Global, Inc. Model 650L. The Model 771 is the same as QSA Global, Inc. Model 650L.

Sincerely,
