Covert, MI 49043-9530

**SUBJECT: PALISADES NUCLEAR PLANT – CHANGE IN U.S. NUCLEAR REGULATORY
COMMISSION STAFF PROJECT MANAGEMENT**

Dear Sir or Madam:

On July 17, 2022, the U.S. Nuclear Regulatory Commission (NRC) staff project management for your facility will transfer from the Office of Nuclear Reactor Regulation, Division of Operating Reactor Licensing, Plant Licensing Branch III, to the Office of Nuclear Material Safety and Safeguards (NMSS), Division of Decommissioning, Uranium Recovery, and Waste Programs (DUWP), Reactor Decommissioning Branch (RDB). This transfer is in accordance with internal NRC office interface agreements and is based on the completion of certain licensing actions that establish a licensing and safety basis reflecting the permanently shutdown and defueled condition of your facility. This change in regulatory oversight will enhance NRC processing of any decommissioning-related licensing actions that you may elect to submit, and it will secure NMSS experience and expertise in the evaluation of any future dismantlement, decontamination, spent fuel storage, reactor vessel transportation, and license termination activities.

Ms. Marlayna Doell, NMSS/DUWP/RDB, has been assigned as your new Project Manager and will relieve Mr. Scott P. Wall of his duties effective July 17, 2022. Ms. Doell can be reached at (301) 415-3178 or e-mail at Marlayna.Doell@nrc.gov.

Sincerely,

Nancy L. Salgado, Chief
Plant Licensing Branch III
Division of Operating Reactor Licensing
Office of Nuclear Reactor Regulation

Docket No. 50-255
