SUBJECT: POSTPONEMENT OF PREVIOUSLY ANNOUNCED INSPECTION
NO. 99900880/2022-001

Dear Ms. Steen:

As discussed in a letter dated June 15, 2022, (Agencywide Document Access and Management System Accession No. ML22166A374), the Nuclear Regulatory Commission (NRC) planned to perform an inspection of Ultra Energy (Ultra) to review the implementation of Ultra's quality assurance program in accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) Part 50, Appendix B and 10 CFR Part 21. The letter discussed a preliminary schedule for the inspection. The NRC inspection team planned to arrive at your facility in Round Rock, TX on Monday, July 18, 2022, and conduct the inspection through Friday, July 22, 2022. Due to the ongoing pandemic associated with the Coronavirus, specifically the increasing positivity rate in Williamson County, TX, where Ultra's facility is located, the NRC has decided to postpone the inspection at this time. The NRC will contact you in the future to reschedule this inspection.

Please contact Mr. Odunayo Ayegbusi at 301-415-8107 or via electronic mail at Odunayo.Ayegbusi@nrc.gov, if you have any questions or need assistance regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Kerri Kavanagh".
