

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

August 31, 2022

The Honorable Carolyn B. Maloney
Chairman, Committee on Oversight
and Reform
United States House of Representatives
Washington, DC 20515

Dear Madam Chairwoman:

The U.S. Nuclear Regulatory Commission (NRC) is proposing to republish 13 of its Privacy Act system of records notices as a result of a comprehensive review. Four of the system notices include proposed revisions that require a period for public comment: NRC 5, Grants Management System; NRC 8, Employee Disciplinary Actions, Appeals, Grievances, and Complaints Records; NRC 11, Reasonable Accommodations Records; and NRC 23, Case Management System—Indices, Files, and Associated Records. The proposed modifications include updating authorities, narrowing the scope of one system notice, renaming two systems for clarity, and various minor updates. The revisions to other republished system notices include minor corrective and administrative changes that do not meet the threshold criteria established by the U.S. Office of Management and Budget (OMB) for either a new or altered system of records.

For NRC 5, the NRC is proposing to rename the system to reflect the narrowed scope of the system. For NRC 8 and NRC 11, the NRC is updating the authorities section, and for NRC 23, proposed revisions include changing the name and expanding the categories to include both investigation and enforcement information. As a result of these proposed changes, the NRC is republishing and seeking public comment on these proposed revisions.

In accordance with the guidance in OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," reissued December 23, 2016, the NRC is enclosing copies of the narrative statement and proposed system of records notice. The agency has also sent copies of these documents to the Chairman of the Committee on Homeland Security and Governmental Affairs of the U.S. Senate and the Acting Administrator of the OMB Office of Information and Regulatory Affairs for a 30-day review period.

If you have any questions about the proposed revisions, please contact Mr. Eugene Dacus, Director of the Office of Congressional Affairs, by telephone at (301) 415-1776 or by email to eugene.dacus@nrc.gov.

Sincerely,

Signed by Dorman, Dan
