Dear Christopher Harvey:

In the letter dated May 10, 2022 (ML221B1A041), you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive material license. The NRC staff has reviewed the information provided. Based on its review, the staff has concluded that all licensable radioactive material at your facilities located at 11700 N. Based on these conclusions no further remediation or actions with respect to NRC regulated material is required and NRC license number 13-32602-01 is hereby terminated.
