Re: Request to Amend License No. 49-26846-01

To Whom It May Concern:

Energy Laboratories, Inc. is submitting this letter as formal documentation to amend our license pertaining to License Section 11B of our license, Individual(s) Responsible for the Radiation Safety Program. Please amend radioactive materials license 49-26846-01 to add Manford Hurley as a second Radiation Safety Officer (RSO) and, in addition to Dee Fairservis, as a person responsible for the Radiation Safety Program at Energy Laboratories, Inc. (ELI) Casper facility.

Manford received his RSO training online from Nevada Technical Associates, Inc. in July of 2020. His training certificate is attached with this letter.

If there are any questions or if additional information is needed, please contact me at 307-995-3265 or by email at csheaff@energylab.com

Sincerely,

Ph.D, Laboratory Director

Subject: [External_Sender] License amendment for license 49-26846-01

Latischa,

Please see the attached items. ELI Laboratories is looking to add an additional person as a RSO for our facility.

Please let me know if there is anything additional that you need from me.

Sincerely,

Dee Fairservis
