**Date:** Thursday, May 26, 2022 4:53:20 PM

---

Good afternoon Osiris:  
Thank you for the update. I will be sure that people here know of the revised schedule.  
Best-  
Donna

Dr. Lybecker:

Good afternoon!

This is to inform you that our originally planned due date for completing our review of the Idaho State University's license SNM-1373 renewal application (EPID L-2021-NFR-0000) has been revised.

Due to the current staff workloads and competing priorities, our response due date has been changed from August 2022 to October 2022. I will promptly let you know of any additional changes or impacts to this schedule.

Please let me know if you have any questions.

Osiris Siurano-Pérez
