#### PART I.D -- COMMENTS

On April 8, 2022, you submitted a request seeking the "62 pages of records" that were part of the fee estimates provided by staff in the Office of Nuclear Security and Incident Response (NSIR) and Region I after those offices were tasked for a fee estimate in four aggregated requests submitted by another requester, NRC-2022-000064, NRC-2022-000065, NRC-2022-000068, and NRC-2022-000069. Although this requester subsequently clarified the scope of his requests, you have made it clear that your request seeks the pages originally estimated by NSIR and RI staff to be responsive.

NSIR staff have informed us that they search two databases, one of which dates back to February 1985, and the other dates back to January 2000. Region I located X records and NSIR staff located X records, which are enclosed. NSIR also called to our attention that certain record(s) concerning sightings of drones over the Limerick Station have already been made publicly available in response to another FOIA request, NRC-2020-000299. This response package can be found in the ADAMS library, under accession number ML20332A107.

Records with an ML Accession Number are publicly available in the NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm.html>. If you need assistance in obtaining these records, please contact the NRC's Public Document Room (PDR) at 301-415-4737, or 1-800-397-4209, or by email to [PDR.Resource@nrc.gov](mailto:PDR.Resource@nrc.gov).

Please refer to Part II for additional information.
