A letter **addressed to the NRC** on company letterhead signed by a person duly authorized to act for and on behalf of the license would work. This is usually the primary contact for the license which is we have as Mr. John Turner, Jestin can co-sign the letter acknowledging his responsibilities.

The attached letter addressed to New Hampshire has only a signature of Jestin LeClair naming himself as RSO. This does not meet the NRC's amendment application requirements.

If you would like to add yourself as a primary contact on this license you can request this in the same letter, signed by Mr. Turner.

Thanks,

Kristen

Good Afternoon Kristen,

To confirm, is this for the documentation that designates Jestin as our RSO? John Turner did sign that documentation and we had a letter on company letterhead – I can update as needed I just want to make sure I am addressing this correctly.

Thanks,

Ms. Lanello,

To move forward with processing your request, please complete either the attached NRC Form 313 or email a letter on company letterhead to formalize this amendment. The application or letter must be signed by a person duly authorized to act for and on behalf of the licensee, which I believe is Mr. John Turner.

This information can be sent directly to me.

Please let me know if you have any questions.

Thanks,

Kristen
