ORDER EXTENDING THE EFFECTIVENESS OF THE APPROVAL OF THE
TRANSFER OF LICENSE AND CONFORMING AMENDMENT

I.

LaCrosseSolutions, LLC is the holder of the U.S. Nuclear Regulatory Commission (NRC, the Commission) Possession Only License No. DPR-45, with respect to the possession, maintenance, and decommissioning of the La Crosse Boiling Water Reactor (LACBWR). Operation of the LACBWR is no longer authorized under this license. The LACBWR facility is located in Vernon County, Wisconsin.

II.

By Order dated September 24, 2019 (Transfer Order), the Commission consented to the transfer of the LACBWR license to Dairyland Power Cooperative and approved a conforming license amendment in accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 50.80, "Transfer of licenses," and 10 CFR 50.90, "Application for amendment of license, construction permit, or early site permit." By its terms, the Transfer Order becomes null and void if the license transfer is not completed within one year unless, upon application and for good cause shown, the Commission extends the Transfer Order's September 24, 2020, expiration date. By letter dated June 24, 2020, LaCrosseSolutions, LLC submitted a request to

extend the effectiveness of the Transfer Order by 6 months. By Order dated September 1, 2020 (First Extension Order), the Commission extended the Transfer Order's expiration date to March 24, 2021. By letter dated February 2, 2021, *LaCrosseSolutions*, LLC submitted a request to extend the effectiveness of the Transfer Order by an additional 6 months. By Order dated March 9, 2021 (Second Extension Order), the Commission extended the Transfer Order's expiration date to September 24, 2021. Subsequently, by letter dated August 17, 2021, *LaCrosseSolutions*, LLC submitted a request to extend the effectiveness of the Transfer Order by an additional 12 months. By Order dated August 30, 2021 (Third Extension Order), the Commission extended the Transfer Order's expiration date to September 24, 2022.

III.

By letter dated August 16, 2022, *LaCrosseSolutions*, LLC submitted a request to extend the effectiveness of the Transfer Order by an additional 3 months, until December 24, 2022. As stated in the letter, the extension would allow *LaCrosseSolutions*, LLC sufficient time to complete decommissioning activities. *LaCrosseSolutions*, LLC further stated that responses to NRC staff requests for additional information (RAIs) regarding the LACBWR Final Status Survey Final Reports (FSSRs) and their associated Release Records are currently under final review by the NRC staff. The letter noted that, based on the current status of the NRC review, it is anticipated that additional time will be needed to finalize the safety evaluation report and approve revised FSSRs.

Based on the above, the NRC has determined that *LaCrosseSolutions*, LLC has shown good cause for extending the effectiveness of the Transfer Order by an additional 3 months, as requested.

IV.

Accordingly, pursuant to Sections 161b, 161i, and 184 of the Atomic Energy Act of 1954, as amended; Title 42 of the United States Code Sections 2201(b), 2201(i), and 2234; and the Commission's regulations at 10 CFR 50.80, IT IS HEREBY ORDERED that the expiration date

of the Transfer Order, as extended by the First, Second, and Third Extension Orders, is further extended until December 24, 2022. If the subject license transfer from LaCrosseSolutions, LLC to Dairyland Power Cooperative is not completed by December 24, 2022, the Transfer Order shall become null and void; provided, however, that upon written application and for good cause shown, such date may be extended by order.

This Order is effective upon issuance.

Dated this 9th day of September 2022.

FOR THE NUCLEAR REGULATORY COMMISSION
