Title: Preapplication Meeting with Holtec International, LLC, to discuss a White Paper on Potential Exemptions to the Regulations related to the Loss-of-Coolant Accident Analyses to support the Construction Permit for the Holtec SMR-160 design

Date(s) and Time(s): November 09, 2022, 01:30 PM to 03:30 PM ET

Location: Teleconference

Category: This is an Observation Meeting. This is a meeting in which attendees will have an opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: The purpose of this preapplication meeting is to discuss a White Paper on Potential Exemptions to the Regulations related to the Loss-of-Coolant Accident Analyses to support the Construction Permit for the Holtec SMR-160 design. Portions of this meeting may be closed to discuss proprietary information. Members of the public interested in participating in the meeting should email one of the NRC Meeting Contacts three business days before the meeting to obtain additional information.

Participants: NRC External
Office of Nuclear Reactor Regulation Holtec International

Docket No: 99902049

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please contact Anne Silk, NRC Reasonable Accommodations Coordinator, at Anne.Silk@nrc.gov or call directly at 301-287-0745. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. Ten (10) days' advance notice is requested to try to ensure availability; however, every effort will be made to address a request for reasonable accommodations with less notice.
