[1] NRC Letter "Acceptance Review of Holtec International HI-STORM 100 Application for Certificate of Compliance No. 1014, Amendment No. 18 (CAC No. 001028, Docket No. 72-1014, EPID: L-2022-LLA-0002) Request for Supplemental Information," from C. Jacobs (NRC) to K. Manzione (Holtec), dated June 22, 2022.

Dear Mr. Jacobs:

Holtec appreciates the staff's ongoing review of the HI-STORM 100 Amd 18. This letter submits the responses to the requests for supplemental information [1]. Those responses are included as Attachment 1. Updates to the proposed CoC documents and FSAR are included as Attachments 2 and 3. A supplemental calculation package is included as Attachment 4. Since that calculation package is considered proprietary, an affidavit requesting it be withheld from public disclosure is included as Attachment 5.

Please contact me at (856) 797-0900 Extension 3951 if you have any questions or require any additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Manzione".
