SUBJECT: APPLICATION FOR THE MODEL NOS. TRUPACT-II AND HALFPACT
TRANSPORT PACKAGES– ACCEPTED FOR REVIEW
(EPIDs L-2022-LLA-0122 and L-2022-LLA-0123)

Dear T. E. Sellmer:

By letter dated August 18, 2022 (Agencywide Documents Access and Management System Accession No. ML22230C920), the Nuclear Waste Partnership, LLC (the applicant) requested that the U.S. Nuclear Regulatory Commission (NRC) staff performs a review of the proposed changes to Model Nos. HalfPACT and TRUPACT-II transport packages. The staff performed an acceptance review of your application and determined that the application contains sufficient technical information in scope and depth to allow the staff to perform a detailed technical review.

This letter informs you that the application appears to contain the necessary information to begin our technical review. We have established a schedule for the review and estimated that the staff may need approximately 75 hours to complete its review of both applications. The schedule allows for the staff to issue the first request for additional information (RAI) the last week in September 2022 and, if a second RAI is not needed, a certificate of compliance by the end of November 2022, based on you responding to the first RAI in mid-October 2022. Since NRC has expedited this review, no additional changes to the application should be submitted except for changes resulting from your response to a RAI.

If you have any questions regarding this matter, please contact me at (301) 415-6999 or Norma.GarciaSantos@nrc.gov.

Sincerely,

A handwritten signature in black ink that reads "Bernard White".

White, Bernard signing on behalf
