Pending your response to our request for additional information, we anticipate completing our review of UUSA's Compliance Plan by the end of October 2022. This date could change depending on the findings of our technical review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule.

The enclosure transmitted herewith contains security-related information. When separated from the enclosure, this document is decontrolled.

In accordance with Title 10 of the *Code of Federal Regulations*, Section 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available for public inspection in the NRC Public Document Room or from ADAMS.
