**SUBJECT:** SECOND ROUND OF REQUESTS FOR ADDITIONAL INFORMATION FOR THE WESTINGHOUSE ELECTRIC COMPANY TOPICAL REPORT WCAP-18446-P/WCAP-18446-NP, REVISION 0, "INCREMENTAL EXTENSION OF BURNUP LIMIT FOR WESTINGHOUSE AND COMBUSTION ENGINEERING FUEL DESIGNS" (EPID L-2020-TOP-0064)

Ms. Zozula,

I have placed an electronic version of the second round of the U.S. Nuclear Regulatory Commission (NRC) requests for additional information (RAIs) for Westinghouse Electric Company (Westinghouse) Topical Report WCAP-18446-P/WCAP-18446-NP, Revision 0, "Incremental Extension of Burnup limit for Westinghouse and Combustion Engineering Fuel Designs," in the box.com folder and have given Nathaniel Mackereth, Westinghouse, access to it. This email serves as the formal transmittal of those RAIs.

The NRC staff has not redacted any proprietary information from the RAIs so the file in the Agencywide Documents Access and Management System (ADAMS) and box.com are marked as proprietary. The RAIs have also been placed in ADAMS as nonpublic and will be declared as an Official Agency Record.

When responding to the RAIs, please provide a proprietary and nonproprietary version of both the RAI questions and the responses. Your formal response, provided via letter under authorized signature, will generate the public version of the RAI questions as well as the responses.

Westinghouse indicated that the RAI responses will be submitted to the NRC by December 1, 2022. In order to support the NRC staff's review schedule, please provide your responses by that date.

If you have any questions or would like to discuss the RAIs with the NRC staff to ensure you understand them, please let me know.

This email will also go in ADAMS and will be declared public.

If you have any questions, please feel free to contact me at 301-415-3151 or by email at [Ekaterina.Lenning@nrc.gov](mailto:Ekaterina.Lenning@nrc.gov).

Sincerely,  
Ekaterina Lenning
