**Subject:** Request additional information for NRC License No. 21-32354-01

Dear Mr. Carr:

We received and reviewed your response dated June 7, 2022. We will need to clarify the following.

- 1) Based on the review of document related to your license, we found that some areas listed the address number for the location of use located on Arboretum Drive, SE, Grand Rapids, Michigan as 1515 and others listed as 1555. Please verify and confirm which one is correct.
- 2) Your license is currently authorized for Troxler Model 3400 series. In the past, you provided that you acquired and used Troxler Model 3450. This time, in the renewal application you listed Troxler Model 3440. Both models are in the Troxler Model 3400 series. If you would like keep Troxler Model 3400 series in your license to give you the flexibility to use any Troxler portable gauge in 3400 series, please state.

To continue the review of your application, we request that you submit your response under a dated and signed cover letter by June 24, 2022. In the cover letter, please reference the license number, docket number and Mail Control No. 630723.

If you have questions, require additional time to respond, or require clarification on any of the information stated above, please contact me at 630-829-9623 or reply to this email.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Rules of Practice," a copy of this correspondence will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

Best regards,

*Frank Tran*
