RE: Princeton Community Hospital Transfer of Control to WVU Medicine

To Whom It May Concern,

Our facility, Princeton Community Hospital is to be purchased by WVU medicine. The proposed final purchase date and transfer of control is approximately January 1, 2023.

Below is the information needed as described in NUREG-1556 Volume 15, Rev. 1.

1. *Describe any planned changes in the organization, including but not limited to, transfer of stocks or assets and mergers, change in members on Board of Directors, etc. Provide the new licensee name, mailing address, and contact information, including phone numbers. Clearly identify when the amendment request is due to a name change only.*
 - On January 1, 2023, the proposed “Effective Time” at which West Virginia University Health System (“WVUHS”) will become the sole member of Princeton Community Hospital (“PCH”) as set forth in the Definitive Agreement and Plan of Affiliation between WVUHS and The City of Princeton, West Virginia and Princeton Community Hospital Association, Inc. PCH will amend and restate its Articles of Incorporation and its Bylaws to reflect that PCH is a member-based non-profit corporation and that WVUHS is the sole member of PCH. The members of the Board of Directors of PCH will continue to serve as the Board of Directors after the Affiliation. A WVUHS appointed representative of WVUHS will be designated as an ex officio member of the PCH Board of Directors as set forth in the amended and restate Articles of Incorporation and Bylaws.
 - The licensee’s name, mailing address and contact information will remain the same.
 - This amendment request is **not** due to a name change only.

2. *Describe any changes in personnel or duties that relate to the licensed program. Include training and experience for new personnel and any changes in the training program.*
 - There will be no changes in personnel or duties that relate to the licensed program.
3. *Describe any changes in the location, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.*
 - There will be no changes in the location, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.
4. *Describe the status of the licensee's facilities, equipment, and radiation safety program, including any known contamination and whether decontamination will occur prior to transfer. Include the status of calibrations, leak tests, area surveys, wipe tests, training, quality control, and related records.*
 - The licensee's facilities, equipment, and radiation safety program are current and in compliance with NRC regulations and facility policy.
 - There is no known contamination within the facility areas of use.
 - All calibrations, leak tests, area surveys, wipe tests training, quality control and related records are current and up to date.
5. *If current decommissioning funding plans (DFP) will be changed as a result of the transfer, the revised DFP should be submitted. If other financial assurance documents will be changed as a result of the transfer, confirm that all financial assurance instruments associated with the license will be held in the transferee's name before the E-2 license is transferred, and as required by 10 CFR 30.35(f), the licensee must, within 30 days, submit financial instruments reflecting such changes.*
 - N/A
6. *Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.*
 - All records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. The records will include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.
7. *Confirm that both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been*

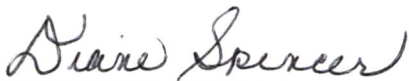

made aware of any open inspection items and its responsibility for possible resulting enforcement actions.

- Both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions.
8. *Confirm that the transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.*
- The transferee, WVU Medicine, will abide by all constraints, conditions, requirements, representations, and commitments of the transferor, Princeton Community Hospital.
9. *The transferee, in the case of fuel cycle facilities, shall provide documentation showing that it is financially qualified to conduct normal operations. The information can be in the form of income statements and balance sheet forecasts.*
