---

Becky,

Given the age of the letters, I see no need to correct the typos at this time.

As for the Return letter which requires a Branch Chief signature, I propose that you place this email into the package with the following correction:

The accession number for the Certification of Financial Assurance dated December 17, 2019 should have been ML**20023**A315.

This email is public, non-sensitive, normal release date.

Betsy

Betsy,

On both letters the word experimental is misspelled in the address of the letters.

On the Acceptance Letter the word signed is misspelled under the Surety Ryder April 5, 2016 – ML15113A091

On the Return of Financial Assurance Ltr. the CFA document dated 12/17/19 under ML192023A315. Is this the correct ML No.? I could not locate it

Should I go ahead and process these as is since they are old documents?
