Subject: [External_Sender] Re: Official Use Only - Consultation with State of SC regarding Duke Energy Nuclear Plants ISFSI DFP Update
Date: Friday, September 23, 2022 8:37:45 AM

Good morning,

I have reviewed the attachments on behalf of the State of South Carolina and do not have any comments related to the draft EA's.

However, I do have a question about the overall review of the DFP's. If the financial assurance amounts associated with the DFP's are approved by the US NRC but then ultimately found to be not adequate at the time of decommissioning the ISFSI's, what financial burden would the state of South Carolina potentially bear, if any? If I understand correctly, the DFP and associated funding amounts for the ISFSI's are currently under review. What is the State's role in that review?

Best Regards,

Susan Jenkins, Director

Ms. Jenkins,

Just want to make you aware that the NRC has sent the attached letter (by U.S Mail) with its enclosures to you for review, and comment if appropriate.

Note that the top and bottom banners contain errors that were inadvertently made...they should be South Carolina and NOT North Carolina.

Please feel free to reach out for any questions or comments.

Thank you,

Tilda Liu, Senior Project Manager
