Hi Dr. Roldan-Otero,

We have reviewed Janine's attached letter and intend to respond in writing.

Just an update for your records, Debbie Weise was acting as interim director for radiology. Lois Brandon was named Director of Radiology. She is cc'd on this email and may be included on any communication moving forward.

Thank you,  
Michael

Rachel,

The attached letter refers to the routine inspection that was conducted at your facility in Wyoming in August 2021. This is the official Agency record and you will not receive a hard copy in the mail. Based on the results of this inspection, two apparent violations were identified and are being considered for escalated enforcement. These preliminary findings were discussed with you and other members of your team during the exit briefing on September 15, 2022. Before the US Nuclear Regulatory Commission makes a decision, we are providing you an opportunity to: (1) respond in writing, (2) request a predecisional enforcement conference; or (3) request alternative dispute resolution. Please contact my Branch Chief, Dr. Lizette Roldan-Otero, at 817-200-1455 or via email at [Lizette.Roldan-Otero@nrc.gov](mailto:Lizette.Roldan-Otero@nrc.gov) within 10 days of the date of this letter with your decision on your chosen method to respond to the apparent violations.

Regards,  
Janine
