Dear Mr. Matherly:

This is in reference to your revised letter dated September 15, 2022, requesting to amend NRC License No. 47-24836-01. In order to continue our review, we need the following additional information:

Your letter provided a diagram of the proposed location of storage. In accordance with NUREG-1556, Volume 1, Revision 2 (available online at: <https://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/v1/index.html>), Section 8.9 "Facilities and Equipment," please revise your diagram to include the use of adjacent areas. Based on what you've already provided, this should include a description of the use of the storage building (in particular what groups of individuals have access to this structure and its contents) and the two adjacent structures indicated on your diagram.

We will continue our review upon receipt of this information. Please reply to my attention at:
