SUBJECT: WITHDRAWAL OF AMENDMENT REQUEST DATED MAY 20, 2021 FOR  
PHARMALOGIC PUERTO RICO, NRC LICENSE NO. 52-25361-01MD, MAIL  
CONTROL NO. 625815

Dear Mr. Strugala:

This refers to your license amendment request dated May 20, 2021, requesting to add the use of Germanium-68/Gallium-68 generators. Your amendment request is available electronically from the Agencywide Documents Access and Management System (ADAMS) at Accession No. ML21144A082.

Based on letter dated September 16, 2022, you informed us that you no longer need the requested amendment because it was a duplicate request that has already been approved in Amendment No. 33 to your U.S. Nuclear Regulatory Commission (NRC) License No. 52-25361-01MD. Since the amendment request was approved under mail control number 632142 on August 30, 2022, we have determined that your license currently authorizes the requested activity and the amendment is unnecessary. In accordance with our communication, we have noted that you have confirmed that the license amendment request should be withdrawn. Therefore, the referenced request has been administratively closed.

In accordance with 10 CFR 2.390 of NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from ADAMS, accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (610) 337-5006 or [janice.nguyen@nrc.gov](mailto:janice.nguyen@nrc.gov).

Thank you for your cooperation.

Sincerely,

Janice Nguyen, Senior Health Physicist  
Medical and Licensing Assistance Branch  
Division of Radiological Safety and Security  
Region I
