Subject: FCC-3 and FCC-4: Application Deficiencies
Date: Wednesday, October 12, 2022 9:23:00 AM
Importance: High

Good morning,

The staff is reviewing the application of the FCC-3 and FCC-4 packages for revalidation. The staff is currently going over the application and identifying any deficiencies that may impede performing a technical review. The staff noted that there are drawings that are not legible and blurry. The staff needs this information to perform the technical. Please let me know if this information is readily available and can be provided in a short period of time. If that is not the case, please reach out to me.

As the staff progresses in its review, I will provide information to you to facilitate the review.

Thanks in advance,

Norma Garcia Santos
