Project No. 99902088

U.S. Nuclear Regulatory Commission
Attn: Document Control Desk
Washington, DC 20555-0001

Subject: Abilene Christian University Quality Assurance Program Description Topical Report–Accepted Version

References:

1. Letter, Nuclear Regulatory Commission William Kennedy to Rusty Towell “Abilene Christian University – Approval of Quality Assurance Program Description Topical Report (EPID NO. L-2021-NFO-0006)”, February 14, 2022 (ML22028A366)
2. Topical Report, Nuclear Regulatory Commission staff’s final safety evaluation (SE) for Abilene Christian University’s Quality Assurance Program Description, Revision B, February 14, 2022

In February 2022, the Nuclear Regulatory Commission (NRC) requested (Reference 1) that Abilene Christian University (ACU) publish an accepted version of ACU’s Quality Assurance Program Description (QAPD) Topical Report (TR) incorporating the letter (Reference 1), NRC’s final safety evaluation (SE) for ACU’s QAPD, Revision B (Reference 2), and to include a “-A” following ACU’s TR identification symbol to designate accepted. The enclosed file is ACU’s response to the request.

If there are any questions or a need for additional information, please contact Rusty Towell at Rusty.Towell@acu.edu or (325)674-2034.

I declare under penalty of perjury that the information provided is correct and true. Executed on 10/19/2022.

A handwritten signature in black ink, appearing to read "Rusty Towell", written over a horizontal line.

Dr. Rusty Towell
Director, ACU NEXT Lab
