Ron,

Thanks for sending the requested documents following the onsite inspection. As discussed, this was a limited scope inspection of Hawaii Pacific Health licensed activities related to the self-shielded irradiator decommissioning and removal from Kapi'olani Medical Center for Women & Children. As a result, this inspection does not re-set the next routine inspection due date for the license.

As we discussed this past Monday 9/22/2022, attached is the NRC Form 591M Inspection Report indicating that no violations were identified. You are not required to respond to the Inspection Report; however, please reply with a courtesy email acknowledging receipt. This electronic Inspection Report is the official Agency record and no hard copy will be provided. Therefore, please maintain a copy for your records.

Regards,  
Janine
