To Whom It May Concern:

While the American Nuclear Society (ANS) did not submit comments on Docket ID NRC-2016-0179; ANS wishes to *endorse and concur* with comments on proposed rule harmonization of transportation safety requirements with IAEA standards made by the International Source Suppliers and Producers Association (ISSPA). John Miller (ISSPA) or I can answer any follow-up questions the NRC may have.

Best,

**John Starkey** | Director of Public Policy
