Subject: Approved reviewing Official
Date: Thursday, November 3, 2022 3:32:07 PM

Good Afternoon,

As you are aware Honeywell (40-3392) has requested approval for another person to be a rewin official (Tyler Williamson). I have received his fingerprint card and have performed a criminal history background check on him. Based on my review of those results and the criteria for making a determination of an RO, he has been approved as an additional reviewing official. With his approval Honey has 6 reviewing officials. I will update my records to reflect this change.

Once the approval letter has been completed, please forward a copy to me for my records.

Respectfully,

Doreen Turner
