

The following Security Advisory (SA) is not publicly available because it is designated “Official Use Only – Security-Related Information,” which is exempt from public disclosure in accordance with the U.S. Nuclear Regulatory Commission’s (NRC’s) Sensitive Unclassified Non-Safeguards Information (SUNSI) handling requirements.

SA 2022-12, “Update Situational Awareness - Continuing Heightened Domestic Violent Extremist Threat Environment”

The NRC has issued SA 2022-12 on December 16, 2022, to all affected operating power reactors including those under construction; non-power reactors; decommissioning power reactors, including those that are permanently defueled but have not transitioned to decommissioning; fuel fabrication, enrichment, and conversion/deconversion facilities; independent spent fuel storage installations; licensees possessing special nuclear material under Title 10 of the *Code of Federal Regulations* (10 CFR) Part 70; licensees regulated under 10 CFR Part 37; and all radiation control program directors and State liaison officers. Note that the SA contains security-related information and is, therefore, being withheld from public disclosure in accordance with NRC SUNSI handling requirements.
