Thanks for the follow-up.

I just wanted to make sure there were not any special requirements listed within an attachment for our action. So if you confirm no new requirements exist, then we do not need the report.

Kelly,

Based on past practice and our office instruction we don't always transmit the AO's Authorization Assessment Report to our licensees. Nevertheless, I will see if I can provide the one for the DCS/PTS IATO to you.

Yawar

Thank you Yawar.

The enclosure references an attached assessment entitled "ACO Piketon Interim Authority To Operate Assessment Report August 2022". Should this have also been provided to us?
