- We have withheld certain information pursuant to the FOIA exemptions described, and for the reasons stated, in Part II.
- Because this is an interim response to your request, you may not appeal at this time. We will notify you of your right to appeal any of the responses we have issued in response to your request when we issue our final determination.

PART I.D -- COMMENTS

At 1:52 AM on October 26, 2022, you emailed the NRC's Chief Information Officer, as well as several others, including the FOIA Office, with the subject line, "FOIA Request for records pertaining to ML12313A059." In your email, you requested electronic delivery of "a copy of ML12313A059 and all records associated with it being quarantined on October 26, 2022." In a follow-up email at 12:43 PM on October 26, 2022, you informed the original recipients of your request that, although the email to which ML12313A059 was attached had been released from quarantine at 6:35 AM, you still wanted your request to be processed "because [you] would like the document (ML12313A059) to be made public in ADAMS". You explained that you were writing an article about the matters addressed in the document.

At the time of NRC's receipt of your request, staff in the Office of the Chief Information Officer confirmed that there were no records responsive to that part of your request seeking records associated with ML12313A059 being quarantined.

In any event, based upon your 12:43 PM email, we understand that, given your stated reason for continuing to pursue your request, you are now requesting access to ML12313A059, which consists of several distinct records: (a) A SECY Correspondence Control Ticket; (b) an email string that you sent to Susan Vrahoretis, which she then shared with Annette Vietti-Cook and several others; and (c) multiple attachments to that email string. These attachments consist of: (1) a copy of the NRC Policy for Handling, Marking, and Protecting Sensitive Unclassified Non-Safeguards Information (SUNSI); (2) portions of Handbook 12.6 Part II, Protection and Control of Sensitive Unclassified Information (revised 12/20/1999); (3) 5-page guidance, entitled SUNSI Handling Requirements that you downloaded from the NRC's intranet on 10/25/2012; (4) Yellow Announcement No. 077 (dated 10/26/2005), entitled Policy Revision: NRC Policy and Procedures for Handling, Marking, and Protecting SUNSI; (5) SECY-04-0191, dated 10/19/2004; and (5) and a letter you wrote to then-Senator Lieberman, dated 10/15/2012. We note that, while several of these records are already publicly available, many of these attachments bear handwritten notations and highlighting, presumably added by you.

We have completed our review of ML12313A059; as reflected on Part II, certain redactions have been made.
