Division of Nuclear Materials Safety
U.S. Nuclear Regulatory Commission, Region I
475 Allendale Road, Suite 102
King of Prussia, PA 19406-1415

Subject: West Virginia University Hospitals, Inc. Change of Radiation Safety Officer
NRC License No. 47-23066-02, Docket 030-20233

Licensing Assistance Team,

We would like to request an amendment to our radioactive materials license to change the Radiation Safety Officer listed on our license from Nasser Razmianfar to Stephen Root. Mr. Root is currently designated on our license as an Associate Radiation Safety Officer and meets the training and experience requirements for a Radiation Safety Officer per 10 CFR 35.50. Please find enclosed the Delegation of Authority appointing Mr. Root as the WVU Hospital's Radiation Safety Officer.

If any additional information is needed, please contact Stephen Root at 304-293-3413 or sroot@hsc.wvu.edu.

Sincerely,

Nathan Burt
Vice President of Operations

Memo To: Stephen Root, Manager and WVUH Associate Radiation Safety Officer
From: Nathan Burt, Vice President of Operations
Subject: Delegation of Authority (License No. 47-23066-02)

You, Stephen Root, have been appointed Radiation Safety Officer and are responsible for ensuring the safe and secure use of radiation and radioactive material. You are responsible for managing the radiation protection program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations when justified to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission at any time. It is estimated that you will spend 40 hours per week conducting radiation protection activities.

Nathan Burt, Vice President of Operations

Date

I accept the above responsibilities,

Stephen Root, Manager and WVUH ARSO

Date

Cc: Radiation Safety Committee
